SIERRA MADRE'S NEW Post Office Building as it appears practically complete.

Lee Shippey Writes On TV Shows

WHAT IS the difference between a half-hour television show and one lasting a full hour? Well, frequently, it seems to me, the only difference is six more commercials in the latter.

The story is just the same, though stretched out a little thinner and, like the cigaret which "has it at both ends," the hour show gives us longer introductions and cuts a couple of minutes from the other end to provide a preview of next week's episode, usually something which indicates that next week's chapter is going to be a gory or murderous or frightening affair.

In some cases, the hour show permits and gives us more adequate development of story or characters, and is well worthwhile. But in far too many instances the only apparent reason for the longer show is the need of more time to work in additional commercials.

CONGRESS WOULDNT raise the postal rates in order to lessen the deficit of the Postoffice Department, and I can go along with that, for it seems to me that the postal service is so essential and beneficial to all kinds of people that if anything should be made available to the public, rich and poor alike, at the least possible cost, it is the service which brings us letters and newspapers and many things necessary to our happiness and knowledge.

But it also brings us bushels of junk mail, and it must be conceded that some of the junkiest comes from congressmen. They continually get speeches they never made published in the Congressional Record and then franked to hundreds of thousands of persons who never read them.

And just the other day they voted themselves the privilege of distributing mail, free, addressed only to "Occupant."

To my mind, there is no excuse for delivering any kind of advertising to "Occupant."

EVERY DAY I receive more of that kind of mail than any other kind, and throw it away unread.

I suspect that delivery of junk mail costs Uncle Sam more than does the delivery of letters and news for which all of us are eagerly waiting.

Our own postmen in this city find many people waiting for them every day. Family tidings or other news of much importance often makes them too eager to wait indoors, and when all they get is junk mail—even from congressmen—they are disappointed.

No one in Congress should complain about government

In Time For Yule Rush

Moving Time Soon At S.M. Post Office

It's moving day soon for Sierra Madre's Postmaster Charles E. Louk and his postal force.

Some time next week, possibly around Nov. 18, their trek from the present quarters at 303 W. Sierra Madre Blvd. to the new \$120,000 Post Office Building on S. Baldwin, a block south from Sierra Madre Blvd., will begin.

Thus, the postal force will be functioning in the handsome new, landscaped building in time for the Christmas rush.

FORMAL DEDICATION has been fixed by Postmaster Louk for the middle of January when Raymond R. Holmquist, former Pasadena postmaster, and now regional director of the California-Nevada-Pacific region, with headquarters in San Francisco, will be available for the principal address.

J. Carl Brand of 227 W. Orange Grove, retired vice president of the Title Insurance Co., is chairman of the Sierra Madre committee arranging the dedication program.

The new Post Office Building of redwood and pink stone, is a handsome structure which is picturesquely and architecturally comparable in appearance to Sierra Madre's Public Library Building on W. Sierra Madre Blvd., and recognized as one of the handsomest library buildings in this region. Monte D. Healey of El Monte is the general contractor.

THE BUILDING faces S. Baldwin and to one side will be the new Suffolk St. extension which when completed will extend from S. Hermosa eastward past the Post Office, providing a new business street for downtown Sierra Madre.

There is no ramp in front which has been terraced and

planted in what will prove a pleasing foliage. A winding walk leads from the street to the postoffice entrance.

Children To Hear Gloria Hinshaw

A special story hour program will be given by Mrs. Gloria Hinshaw, children's librarian, at the Sierra Madre Public Library in celebration of Children's National Book Week to be held this year Nov. 12-18.

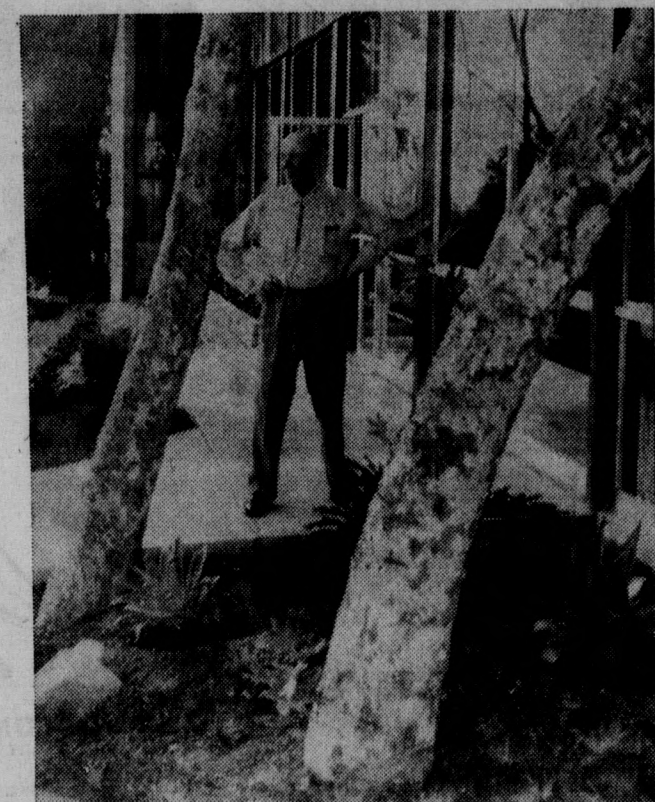

The story hour will be held Saturday morning, Nov. 18 at 11 o'clock. Among the stories to be told by Mrs. Hinshaw will be "Epaminondas and His Auntie" and "Clever Peter And The Two Bottles." Special Book Week favors will be given to each child. The slogan for Book Week this year is "Hurry For Books!"

THE PARKS and Recreation Commission, at its Nov. 8 meeting, will be

Conference Is Conducted At City Hall MOVES TO CURB FLOOD LOSS FOLLOWING FIRES

Sandbags Available; Reseeding to Start

Steps to avoid any repetition of the 1957 flood disaster in Sierra Madre following the \$2 million forest fire of last week, were taken Monday at a conference of City Administrator Lawrence C. Bevington, Paul Bauman, civil engineer of 750 N. Auburn, extremely conversant with the territory, and property owners north of and immediately adjacent to the recent fire line. The meeting was held at City Hall.

The Bailey Canyon Debris Basin is expected to care for most flood waters and debris, but naturally there

BULLETIN

The County Board of Supervisors, considering ways of protecting the fire-ravaged mountain and foothill areas, has authorized the County Flood Control District to perform emergency work in the area above Sierra Madre and Pasadena. About 56 per cent of the valuable watershed burned in the recent Sierra Madre and Hastings Ranch territory is tributary to existing flood control structures.

Emergency debris control measures will be undertaken at once at the mouth of Hastings Canyon above the Hastings Ranch area. Existing facilities which offer protection to the areas below fire-ravaged hillsides include Bailey, Auburn and Carter Debris Basins, Sierra Madre Villa and Sierra Madre Debris Dam, all operated and maintained by the Flood Control District. Total expenditures are not expected to exceed \$50,000.

would be possible danger of damage from rocks, mud and water from the nearby mountainside. It is the aim to contain, minimize and prevent sizeable damage in this respect.

Sandbags are now available at City Hall and are parceled 100 to each property owner who might be affected by flood waters.

Attention is being paid to large drainage areas, especially those of individual property owners and the Passionist Monastery. Use of bales of hay to ward off the impact of tumbling rocks is urged.

RESEEDING of the burned-over area extending from Sierra Madre back through the property at the rear of the monastery and thence into Hastings Ranch and the Sierra Madre Villa region, is being done by the County Flood Control District and the U.S. Forestry Service.

Administrator Bevington will continue to meet the individual property owners in efforts to devise and obtain means to safeguard their properties.

Due to the recent major fire behind Sierra Madre, and all the other disastrous fires in the county in the past week, the Sierra Madre Fire Prevention Bureau urges all residents to use due caution with fireplaces, barbecues, or any other flame-producing item.

Particularly the people in the canyon area should be extra cautious during this critical fire weather. Chimneys should be checked to be sure that there is a spark arrester on the top. Water and space heaters should be checked for proper functioning. At no time will there be any open fires permitted, except for barbecuing, and the utmost care be used, making sure that only good barbecue equipment is utilized.

THE FIRE INSPECTORS will be covering the canyon, and upper city areas during this week and next, looking for any hazardous situations that should be corrected. To be sure, the canyon dwellers are the first to realize the importance of brush clearance, yard cleaning, and general preparation to prevent another fire.

If there is a "firebug" on the loose, no one knows where he might strike next, and from the last fire it was

noted that the home that had the brush cleared from around it was the safest.

The few properties that had not cleaned up gave the firefighters the worst time. It was fortunate that there were no homes lost, as in the recent blaze in the Hollywood Hills, and it was due primarily to the fact that most people had cooperated in the clearance of the area around the houses.

THIS IS the basic reason

David Roess' Sister Loses Home In Fire

The home of Mr. and Mrs. Ray Oelschlager, the latter sister of David L. Roess, owner of the Roess Market, W. Sierra Madre Blvd. and N. Lima, and located at 1034 Somero Rd., Bel Air, was one of the first to be destroyed in Monday's disastrous \$6 million forest fire.

Only the chimney of the home in the \$50,000 class, is left standing, and the only thing saved by the Oelschlagers was the family cat and a few personal belongings.

Mrs. Oelschlager and her younger son were evacuated shortly after 11 a.m., three hours after the fire was discovered and within a relatively short time every house on Somero was destroyed. Mr. Oelschlager, with the Rand Scientific Establishment at Santa Monica, was speeding home at the time. He had only recently returned from a trip to Florida.

Mrs. Oelschlager, the former Virginia Roess, her husband and son, are living in a Santa Monica motel pending permanent arrangements. Another son is a student at San Jose State College.

News Newsrack Stolen

The SIERRA MADRE NEWS rack in front of the Hartman Pharmacy and Clairdon Delicatessen on N. Baldwin was stolen last Thursday night.

The rack was relatively new and contained several copies of the NEWS with pictures and story of Monday's and Tuesday's forest fire, as well as around \$4 in cash.

Information has come to the NEWS as to the identity of the thief and while this newspaper has no desire to inflict imprisonment or a heavy fine for the theft of property on anyone, prosecution will be started unless the rack is returned immediately.

The NEWS also wishes to report that for several months some intruder has been effecting entry into its offices at 9 Kersting Court, and stealing valuable information. Our information is that this is the work of the same person who took the news rack and unless it stops charges will be filed.

Firemen's Christmas Dance Aiding Children's Party Will Be Staged On Dec. 9

The Sierra Madre Volunteer Fire Department's annual Christmas benefit dance will be held on Saturday night, Dec. 9, at the Woman's Clubhouse, 270 W. Sierra Madre Blvd. Ticket selling for this traditional affair will begin immediately, earlier than usual.

Music will be by Sydney Zaid's Orchestra.

The dance is held every year to raise funds for the Firemen's Christmas Party for children staged always on Christmas Eve at Memorial Park. It also aids the annual Easter egg hunt.

DURING THE YEAR the fund also is used for any charitable cause and as directed by the department along such lines. The city is divided into districts and teams of firemen will cover their allotted areas during

the ticket selling.

At last week's regular drill and business meeting the firemen heard a talk by W. L. Dyer, safety engineer for the Southern California Edison Co. He discussed and illustrated what safety precautions should be taken with high and low voltage power lines.

A moment of silence, led by Chief Charles E. Brown, was observed in memory of James Crook, who passed away the previous week.

Street Lighting Arranged For Christmas Season

Sierra Madre's Christmas decorations will be the same as those of last year, the Chamber of Commerce was advised at the directors' monthly breakfast meeting Monday at the Headliner. Mrs. Leila M. Roberts is chairman of the lighting committee.

The 80 decorative barrels are being repainted and with their trees and lights will grace the downtown business district. The same is true of the Nativity scene, gift of Mrs. Roberts, which will again be erected in Kersting Square and which always attracts literally thousands of observers, especially parents and the small fry.

EACH BUSINESS HOUSE is being asked to decorate their fronts with appropriate lights and trimmings.

The La Salle and Mt. Alverno Academy choirs will sing at the Nativity scene during the Yuletide. As usual, Santa Claus will make his presence known to the youngsters who invade the downtown area.

The directors approved a resolution praising the city's fire fighters and police; also those from outside the city who rendered aid during the recent forest fire.

They also rescinded a motion aligning with the Santa Fe Railroad in its battle with the Southern Pacific for control of the Western Pacific, and instead adopted a neutral position.

Sierra Madreans On Defense Unit

Thomas Butch, J. A. Dewar, Ralph R. Rule and Boyd E. Smith are serving on the citizens-staff advisory committee on civil defense for the Unified Pasadena Schools. They meet with Dr. Robert Jenkins, Superintendent of Schools, every three weeks to outline a comprehensive and detailed civil defense and disaster preparedness plan.

Copter Turns Over But Three Are Uninjured

Sierra Madreans had a vista Monday of a helicopter marooned atop the firebreak north of Baldwin Ave.

The copter, bringing in two "cats" (men who mop up after a forest fire), was piloted by Barry Downing of Van Nuys. It was tipped over by a fresh breeze as Downing sought to alight on a ledge and disembark the two men, Ray Ward and Robert Jeffries.

The three were thrown from the copter but none was injured. Later, the copter, somewhat damaged, was towed to the top of the peak via tractor.

Defense Unit Leader Civic Club Speaker

Milton R. Emerson, member of the Civil Defense Council, former councilman and now San Marino city engineer, will appear before the Civic Club tonight to answer questions relative to the organization's work, fall-out and shelters.

The Civil Defense Council meeting Monday night heard Carol Parker detail how the Youth Coordinating Council would handle distribution of shelter literature when it arrives.

The Second Annual La Salle Jazz Festival will be sponsored by the Senior class, in the school cafeteria on Nov. 18. The most popular entertainment of last year, the Jazz Festival has become an annual affair and promises to head the social calendar once again.

Following in the light of last year's success, the Tin Lizzy Quintet will be featured. Pizza, root beer and coffee will be served in the nightclub-like atmosphere. "Roaring 20's" attire is being encouraged to add to the colorful evening.

LA SALLE'S FIRST Dramatics Club, directed by Robert Alcorn, will present two one-act plays sometime in January. Brother Harold, F.S.C., will introduce the glee club, members of the newly-formed combo, and musical talent of various types. The program will be the first of its kind for La Salle.

Rehearsals will continue through the Christmas holidays. Brother T. Mel is coordinator and aids in construction of sets and stage effects.

BEGINNING WEDNESDAY, Nov. 8, the first of a series of six one-hour films depicting the life of Christ will be shown to the La Salle students.

The producer of the films, Cathedral Films of Hollywood, has attempted to portray the life of Christ with the hope that the Christian Message will speak for itself, but made easier through vivid, yet accurate, portrayals presented in their original context and background.

MR. AND MRS. RALPH BRANTLEY of W. Grand View send word that they are proud to announce the birth of a son, Bruce Timothy Brantley, born at Huntington Memorial Hospital, Oct. 11. The young man has a brother Dennis Ralph Brantley.

MR. AND MRS. NELS H. SEAHOLM of 288 Mariposa announce the engagement of their daughter, Sharon Lee Ramon to Donald Wells Newbold, son of Mr. and Mrs. Gordon Newbold of Pasadena. Miss Ramon was graduated from Pasadena High School and her fiancé is a graduate of John Muir High School. A December 2 wedding is planned in the Chapel of the Roses in Pasadena.

You'll remember Mrs. Seaholm as the former Bernice Roe, a resident here for many years.

GUESS WHAT Mrs. Lovelia Penland, the official crossing guard at Auburn and Sierra Madre Blvd., heard a small one ask the guard on an armored truck at the First Western Bank recently? She walked straight up to him and with this question, "Mister, are you givin' any free samples away today?" Nuff said.

MRS. ESTHER KOCH of Williamstown, Mass., has arrived here to spend part of the winter season with her sister, Mrs. Dorothy Baumbach at 83 W. Sierra Madre Blvd., and owner of Crestview Lodge.

Mrs. Koch visited her son, Sgt. Joel Koch of the U.S. Army Air Corps in Las Vegas while enroute to Sierra Madre.

Dorothy went East several weeks ago to Cedar Rapids and Davenport Iowa, for a family reunion, first in eleven years, during which she visited her father, Stanley Brainard, two brothers, Darrel and Cedric Brainard, two sisters, Mrs. Ruth Ruehman and Mrs. Koch.

Dorothy plans parties, sight seeing tours and holiday festivities while her sister is here.

THOMAS ROBERT MACKIE, age 12 years, is a wise and astute lad. Tom won \$500 at the St. Rita's Carnival not so long ago and plans to save some and use the remainder for outstanding expenses. He says it's the only thing he ever won except a gold fish at the Monastery Fair. Quite a contrast in prizes!

Tom's a 7th grade student at St. Rita's, an enterprising chap who delivers an evening paper six days a week and gets up at 5 a.m. on Sundays to deliver the morning edition and still gets his homework done.

He is one of the six nice Mackie children who live with their mother and father, Mr. and Mrs. William R. Mackie at 276 E. Grand View.

Mark and Lynn, age 2 and 5. "Well, I'll let you know later," was Jane's skeptical answer. "They're breakfasting on their loot from last night."

Mrs. Claudette Conner with her children Terry, 5, Wendy, 3½, and Tommy, 2, with Jane and her youngsters had gone out for an evening of "Trick or Treat." Jane says they came home with not only enough for breakfast, but lunch and dinner too. They're all Sierra Madre Canyon residents.

HERE COMES A CALL from Mrs. James A. (Virginia) Nickloff at 311 San Gabriel Court. Remember the short take line in this column last week asking if they could count us more than 30 youngsters in any Sierra Madre area.

Well, Mrs. Nickloff can—and did. She tells us there are 68, yes, 68, full of life youngsters of all ages on San Gabriel Court between Mountain Trail and Holdman Ave.—and 34 of 'em on each side of the street.

Now anyone, can you top Virginia's count? Let me hear from you at ELgin 5-0003.

THANK YOU for your response on news items. We can use more and more and more. Don't forget birthdays, tell me about your hobbies, special interests. Just call ELgin 5-0003 and we'll talk it over. See you next week around town.

Rose Sales This Week

Our beautiful Sierra Madre Rose Sales girls will begin selling roses Friday and Saturday, and the following weekend, Nov. 17 and 18 in Sierra Madre to raise money for support of our Pasadena Rose Parade Float entry.

The girl who turns in the most money-donations from Rose Sales will be given tickets to the Pasadena Rose Queen's Coronation Ball.

Little Judy Gail Gillmore will be flower girl.

Friends of the family are invited to attend the ceremony at 7 o'clock Friday evening, Nov. 24.

Robt. Rhodes Is Wedded To Tacoma Girl

The Tacoma (Wash.) Sunday News Tribune of Oct. 22 contained a detailed account of the wedding of Miss Judith Ann Swanson of Tacoma to Robert Harry Rhodes, son of Mrs. Elizabeth H. Johnson who formerly lived at 76 N. Canon, Sierra Madre, and who now resides in Covina.

Mrs. Johnson is a real estate dealer, with headquarters formerly in Sierra Madre, and while here was widely known as a civic leader.

THE BRIDE is the daughter of Mr. and Mrs. Arnold Olaf Swanson of Tacoma. The bridegroom, who was graduated from Pasadena High, is stationed at McChord Air Force Base. His brother, Kenneth Rhodes, was best man.

Mrs. Johnson wore fuchsia pink chiffon over taffeta. Her accessories matched the color of her costume; her flowers were white orchids. The newlyweds will reside in Tacoma.

Friends Will Present Three Documentary Films

The second of the monthly Documentary Film Series sponsored by the Friends of the Sierra Madre Library will be held Monday, Nov. 13 at 7:30 p.m. at Sierra Mesa School.

The program will comprise three short films in color. New York City, a remarkable study one in abstract style of a full day in the metropolis.

"The Living Stone," portrays present day Eskimos in an age-old tradition of creative craftsmanship, carving bone, ivory, and stone.

"Day of the Painter," could be called the "biography" of a work of old art. It's a good natured spoof of abstract-expressionist art.

All three of these films have received awards at the International Film Festival. They are brought to Sierra Madre from the Los Angeles County Museum.

50th Wedding Anniversary Is Observed

The fiftieth wedding anniversary of Mr. and Mrs. Ralph Elbridge Cushman of San Gabriel was the occasion for a lovely reception held recently at the Stratford House in Pasadena.

Honoring their parents were the sons and daughters: Mr. and Mrs. Robert Cushman of Pasadena; and their children, Carol and Bob; Mr. and Mrs. Don Gordon Jr., of Garden Grove, and their daughters, Joanne and Nancy; Dr. and Mrs. Sam S. Woolington of Long Beach and their family, Judy, John, Linda and Michael; Mr. and Mrs. John E. Cushman of San Rafael and their daughter and son-in-law, Mr. and Mrs. William Bartley of Los Angeles.

The 150 guests were greeted at the door by Nancy Gordon and Michael Woolington, and the Guest Book was circulated by the granddaughters of the honorees. Gold and white chrysanthemums were used throughout the rooms, and the beautiful tea table was centered by a four-tiered wedding cake.

THOSE ASSISTING during the afternoon were Miss Dorothea Spielman, and Mrs. John Davis, Walter Jacobs, Lloyd Chute, and Charles Franz.

Of special interest to the guests was a scrap book presented to the honorees by their family, which contained a record of the highlights of their 50 years of marriage.

Mr. and Mrs. Cushman were married in Keokuk, Iowa, in 1911. After residence in several eastern cities, they moved to Long Beach in 1934 where they made their home until moving to San Gabriel several years ago. Among the guests present were friends and

relatives who had attended Mr. and Mrs. Cushman's wedding.

Following the reception, Mr. and Mrs. Cushman hosted a dinner party for the entire family at the Marino House in San Marino.

NEXT TIME my 4-year-old son declares he's going to be a fireman when he grows up. I'll treat his determination with as much respect as though he'd announced his candidacy for President of the U.S.A.

I watched, via TV, the courageous fire-fighters battling wind and flames in the disastrous Santa Monica mountain fire, and felt a sickening kinship with the owners of those burning homes. How unbelievably fortunate we were one week ago. I'm sure I speak for many when I say, to the firemen on the ground and the pilots in the air, we owe a greater debt than taxes will ever pay. God bless them!

DANGER FROM HOT SPOTS continued to plague Riviera Dr. residents, and firemen returned on Wednesday and Friday of last week.

One to put out a fire burning in a log behind Harriet and Bob Williams home. I understand the latest menace are rats scurrying up from the canyon and infesting homes.

However, the high point of danger was reached the previous Monday when fire from two canyons met and exploded in 200 foot flames behind the Burke, Crowhurst and Neugebauer homes at the top of Riviera. Frank Crowhurst, like many another Rancher, stood fighting the flames from his roof top.

WHEN FLAMES sweeping over his roof became so intense Frank had to douse himself with the hose, and firemen ordered him, in no uncertain terms, to "get out of there!"

Meanwhile, Jan had evacuated the children and two dogs, but sad to say, their lovely white cat was more fearful of the water and darted into the canyon and is apparently gone, along with much wildlife neighbors reportedly saw fleeing in the flames. In addition to their pet, the Crowhursts lost an oak tree and some patio furniture.

The Robert Burke home suffered heavy water damage to their living room ceiling.

The Ray Jennings and Robert Jenkins homes were also dangerously threatened when fire came so close it burned their shrubs.

At the crucial moment, a fortunate shift in the wind saved their homes.

ANOTHER HOT SPOT, to say the least, was Carriage House Rd. Mrs. Max Goudge told me firemen began a backfire from the rear of her home. Fire sped past the rear of the Bowman's pretty pink house so rapidly there wasn't even a moment to think of saving anything, and besides firemen had warned not to chance turning on the ignition of her car.

I understand, boys from Pasadena High School were a great help to firemen battling flames above Carriage House Rd.

CHRISTMAS IN UPPER HASTINGS will be bigger and brighter than ever before!

Clyde Bulla and Scott O'Dell spoke at afternoon assembly and evening PTA gatherings. Especially noteworthy are the display of original illustrations by Conrad Buff for his wife Mary's latest book "Trix and Bix."

The Book Fair continued in the D-B auditorium today from 2 to 4 and 7 to 9 p.m. Mrs. Grant Brown, library chairman of D-B PTA, was in charge of arrangements and was assisted by Mrs. Julian Burke, Mrs. William Stoops, Mrs. George Fasching and Mrs. Albert Bergh.

DUE TO INTERRUPTION by the fire last week, I missed telling you about the beautifully successful Shakespeare Junior fashion luncheon of the previous week.

Mrs. Harry Meskell's contemporary home on Michellinda was the setting for pre-luncheon cocktail sipping by high fashion clad Juniors and their guests. Spotted "always pretty" Ann Wyman beneath black feather halo hat, and chatted with friendly Nancy Willis (she in clever red and black costume).

Mary Easterling proved a good advertisement for hubby's company in a becoming taupe colored Catalina knit with matching cloche hat. Norma McCurdy, wearing smart mohair dress, shuttled us over to the fashion luncheon in her pink Thunderbird.

THE CHAPMAN WOODS HOME of Mrs. Nathan Daugherty's parents (who are currently world touring since her father's election as moderator of Presbyterian Church U.S.A.), provided the perfect setting for the second portion of the elegant event.

By the way, Roberta Daugherty looked especially trim modeling an aqua metallic brocade during the show. Ditto, Lorraine Hickman modeling the traditional basic black with an added surprise, a fur-trimmed caplet.

Fashion Chairman Donna Gilmore, looked chic in a coffee mohair sheath and matching dress fabric trimmed black derby hat. Her daughters, along with young Vicki Foes, modeled little girl fashions, and did a surprisingly professional job.

CLUB MEMBERS sang high praises of Donna for the way she overcame behind-the-scenes problems. Seems the company originally scheduled to present the fashions canceled out the night before the big event, but resourceful Donna was able to "go on with the show, with the help of Carol's of Altadena.

Bank of America Pays \$40,000 Here

The time has come when we write again about Veterans' Day. The dictionary says, "Armistice Day, Nov. 11; anniversary of that date in 1918 when the Allies granted an armistice to the Central Powers in World War I."

How many wars, and cold wars, ago was that? That was a war to end all wars, it was said at the close.

Time dims all memories, but their cause was just as grave, their blood just as red, and they died just as dead.

Yet, our wars increase in number and violence as our culture grows. As long as there are people who have, there will be people who want. The "wanters" will pray and fight, not to earn, but to take.

We can either give ourselves up to this greediness and criminal philosophy or we can fight for our rights to freedom as we have always done in the past.

I believe we will always be threatened by one force or another, because our people are bred to freedom and value of their fellowmen.

With this combination, we can never lie down and quit any more than they did in 1918.

THERE IS so much to write about this week—first of all I want to mention the fire. I don't think it is possible to give enough accolades to the valiant men who fought the fire.

Living across the street from the base of the helicopter operations was an education in itself.

Although the fire was virtually a dead issue news-wise after Wednesday, the fire-fighters were far from through. They kept on with their vigilant combing of the brush, putting out embers on through the week.

It would be impossible to mention all of the kindness neighbors showed to each other. When the need arose there were no personal barriers. Everyone wanted to help and everyone did. So many people have asked me to mention in my column about the teamwork that was shown and the gratitude that was felt by all, I couldn't overlook it.

MR. AND MRS. ALBERT RICHARDS of Meyerloa Lane were guests of honor at a pot-luck dinner at the home of Mr. and Mrs. Clarence Kanak, a week ago Sunday. The party served a double purpose: one to honor them on their 25th wedding anniversary which will take place on their trip to Europe, which was the second reason.

They left last week for about a six-weeks trip that will take them all over the Continent.

Guests all gave them a lovely platter and bowl, plus assorted travel bags.

The group included Mr. and Mrs. Howard Morgridge, Mr. and Mrs. Gene Burt, Mr.

Micky McKim, Joseph Pelline, Monroe Wolters, "Chubby" Jones, Mary Morrison and Lee Reed.

THE CHARLES GOLDS-WORTHYS of Fairpoint have really taken the cake for being energetic hosts. Four days after their return from Europe they entertained 44 friends at a costume Halloween party that had as its theme "come as your favorite country outside the U.S.A." They posted the invitations from Europe.

Well, the party was a ball, Cad Chrys, the Lasagne was "absolutely divine."

On Halloween eve, their daughter, Nancy, entertained 20 of her young friends at a trick and treat party. The slight case of the fire causing them to prepare for evacuation did nothing to dim their enthusiasm.

THE LADIES on the decorating committee for Villa Guild of Rosemary Cottage Tea already are deep into the process of designing lovely Christmas decorations for the home. Remember to mark Dec. 1 on your calendar.

Eugene Field PTA to Hold Book Fair

Eugene Field Parent Teachers Association will present a Book Fair on Nov. 15, 1 to 9:30 p.m., and Nov. 16, 8 to 10 a.m., in the school cafeteria. More than 200 books will be on exhibit including many by regional authors and illustrators.

Highlight of the Book Fair will be the monthly PTA meeting on Wednesday at 7:30. Miss Skipper Rostker, president, will preside at the first association meeting of the semester. Miss Jannean Spriesterbach, children's librarian at the Hastings Ranch Library, will discuss a planned reading program.

Mrs. Gloria Micklowitz, whose first book has just been published, will speak. The author of the award-winning book, "What Next

and Mrs. Richard Davidson, Mr. and Mrs. Frank Harris, Dr. and Mrs. Rand Lewis, Mr. and Mrs. Walter Opp and Mr. and Mrs. William Nash.

SPEAKING OF Mr. and Mrs. Frank Harris, I know their friends will be happy to learn that their 7-year-old son, Glenn, is well out of the woods and back at school as of this week. He gave everyone a lot of worry during his recent illness, which put him in the hospital.

THE MANY, many friends of Mr. and Mrs. Don Loynd (the former Joey Zook) were sorry to see the moving van pulling away with their worldly goods. They have sold their home on Trevan Rd. and bought a house at 2557 Villa Carillo, Palos Verdes Estates (for your Christmas card list).

MRS. O. KENNETH FULLER of Old House Rd. recently entertained her bridge club at a luncheon and card party. Guests were Mmes. Marshall Black,

Republican Women Will Hear Dolwig

The East Pasadena-Sierra Madre Federated Republican Women will hold their second meeting this coming Wednesday, Nov. 15, at Eaton's Restaurant at 10 a.m. Mrs. Darcy Cage, organization chairman of the Los Angeles Federation of Republican Women, will install the newly-elected officers.

This group, still being organized, shows promise of being a most successful and active Republican group. A hundred and fifty women were present for the first meeting, a charter coffee which was held in October at the beautiful home of Mrs. H. C. Tumulty on Sierra Madre Villa.

FOLLOWING the business meeting Wednesday, there will be an address by State Senator Richard J. Dolwig. Senator Dolwig is the Republican candidate for attorney general opposing Stanley Mosk. He has served in the State Legislature for 15 years. His major legislative experience and interests have been in the fields of narcotics, crime and juvenile delinquency.

Luncheon will be served following Senator Dolwig's address. For reservations, call Mrs. Craig Boorey at ELgin 5-2020.

Raman," Mrs. Shirley Arora, also will take part in the program. The public is invited.

THE BOOKS DISPLAYED will be available for purchase through the Brown Book Store, and the PTA

proceeds will go toward an adult reference library for teachers and parents. The Book Fair has been arranged through Mrs. R. D. Hauggard, home reading and library chairman, and Mrs. Robert Brydolf, PTA

program chairman. In conjunction with the Book Fair, Miss Terri Shan-non, Scott O'Dell, authors, and Charles Payzane, illustrator, will appear at a Wednesday morning assembly for Field students.

OPEN VETERANS' DAY

Saturday, November 11 9:00 A.M. to 7:00 P.M.

WHEN THE NEW Sierra Madre Canyon Fire Station was opened to the public last Saturday, incidental to Fire Prevention Week. Here we see the interior of the new station, the equipment and from the left: Fire Chief Charles E. Brown, Ray Shackelford and James Cole, two of the department firemen.

400 Attend Open House By Firemen

Fire Chief Charles E. Brown and Fire Marshal Bert Embree and the firemen who were on duty, wish to express their thanks for the interest and enthusiasm shown by the more than 400 children and adults who visited the Fire Department recently during the open house, at both stations.

"It lets us (the firemen) know that the citizens do recognize the importance of a capable and alert fire fighting force," Chief Brown commented at the end of a busy day, and said further that "with this interest, I am sure that Sierra Madre people will practice fire safety measures the other 364 days of the year."

With this same thought, Marshal Embree reiterated that during the preceding week, while working with the schools on fire prevention programs, the same concern was shown by the educators relating to the safety of the lives of the children in their care.

"Right down to the last detail," Marshal Embree said, "school leaders have not overlooked any hazard that might peril the safety of the pupils, and are much aware of the potential emergencies that could arise during the day."

SPEAKING of the 'other 364 days' of the year, the Fire Prevention Bureau is thinking of the coming cold weather of winter, and potential fire dangers from that unchecked furnace which has been sitting idle the past six months; or that chimney that has had the vines and trees grow on, or around, the top of the flue, and that could catch fire the first time that a fire was built in the fireplace; or those "temporary" extension cords that were strung about the yard during the summer's outdoor living, and now create a hazard with the rains coming and wetting those sub-standard installations.

Marshal Embree wants all to remember that fire is dangerous at any time, but particularly "as temperatures drop, fire dangers rise," in and about the home. This should be an incentive for the residents to gladly welcome the fire inspectors who are making the rounds of the city.

Many of the items that the inspectors are noticing are the "little everyday situations" that the occupant will not readily recognize as a fire hazard, but after an explanation from the inspector, realize it should be abated.

Election of officers for the coming year will be held prior to the Hiestand speech.

Mt. Alverno Guild Will Meet Nov. 15

Donation for the luncheon meeting will be \$1.

Remember Wednesday, Nov. 15 at 12 noon at Loma Alta Park, 3330 N. Lincoln Ave. in Altadena.

Come and bring your friends the exciting announcements regarding the February fashion show at the Huntington - Sheraton will be made.

Speaker Will Be Hiestand

Foothill Republican Assembly will hold a meeting Monday, Nov. 13, at 8 p.m. in Davies Memorial Bldg., Farnsworth Park, Altadena, in honor of Rep. Edgar W. Hiestand who will speak on "The New Frontier—Is It Really?"

Rep. Hiestand has served ten years in Congress as the first and only representative of the 21st District, is politically conservative, has fought for constitutional government, reduction of Federal spending, for laws to protect against the abuse of union power, for a strong national defense and is widely known for his personal interest and aid to his constituents.

Boy Badly Hurt In Chantry Fall

A fall Sunday afternoon near Chantry Flats Forestry Station brought a fractured skull and damaged eardrum for Robert Sandrade, 5½ years old, of 440 Ocean Ave., La Habra.

The boy was first treated at Sierra Madre Community Hospital, then transferred to Whittier Hospital.

Mrs. Herbert New Crystal Lake Road Passes Away Connecting With Angeles Crest Highway Is Opened

A new link in recreational highways in the Angeles National Forest was opened to the public for the first time Monday at 11 a.m., when dedication ceremonies took place at the lower end of the new Crystal Lake Rd.

Cooperation between Federal and state agencies highlighted the opening of this 6½-mile link, connecting the San Gabriel Canyon Rd. (State Highway 39) with the Angeles Crest Highway (State Highway 2).

The recreational highway was constructed by the California Division of Highways, using labor supplied by the

California Institute for Men at Chino. The National Forest area was made available by the U.S. Forest Service under special use permit.

Dedication ceremonies took place at the junction of the San Gabriel Canyon Rd. and the Crystal Lake Rd., 25 miles north of Azusa. The dedication was sponsored by the Azusa Chamber of Commerce and the San Gabriel Valley Associated Chambers of Commerce.

Those in attendance at Monday's ceremony were officials of the City of Azusa and other San Gabriel Valley cities, Los Angeles County, State of California, Division of Highways, and U.S. Forest Service.

The new highway provides travelers and sightseers to the Angeles National Forest a panoramic view of the 7,900-foot Twin Peaks, located in the Devils Canyon.

Bear Canyon wild area to the west. The California Division of Highways plans to keep this and other high-

ways in the area open during the winter to allow winter sports enthusiasts access to popular forest skiing areas.

U.S. Forest Service plans for the new road call for installation of two visitor information viewpoints along the route: one at "Bear Point," the other at "Snow Springs."

Actual construction began in 1953 with pioneering operations in extremely rugged country along sheer rock cliffs rising as high as 1,000 feet above the roadway. Some \$356,000 was expended on explosives (ammonium nitrate and dynamite) to blast out almost 3,500,000 cubic yards of hard

rock. Some 1,200 men were engaged more than three years in carving out the road at a cost of approximately \$4,250,000.

The finished product, a two-lane, 26-foot plant-mix surface roadway, is on a 5 per cent grade and rises from an elevation of about 5,000 feet at Crystal Lake to 6,700 feet at Islip Saddle.

Completion of Crystal Lake Rd. as a through route from Azusa to Angeles Crest Highway opens a southern gateway to a vast recreational area of 691,212 acres of Angeles National Forest, a land area equivalent to one-fourth of Los Angeles County.

Angeles National Forest was established in 1892

School Pupils Aid Chest

The Pasadena School System, of which Sierra Madre Elementary Schools are a part, is placing Community Chest banks in both Sierra Madre and Sierra Mesa Schools this week.

This is primarily an educational effort which recognizes the fact that a large share of Chest funds are used for youth and the school administration wishes the community to realize all funds collected in the Sierra Madre schools are turned over to the Community Chest for use in Sierra Madre.

LAST YEAR these Sierra Madre residents were benefited by our Chest:

Three hundred Boy Scouts, 300 Girl Scouts in 15 groups; 136 Camp Fire Girls in 12 groups; seven tribes of YMCA Indian Guides or Frontiersmen; over 100 Sierra Madre children helped by Children's Hospital, six of whom stayed 48 days; 21 children helped with fees at Sierra Madre Nursery School; more than 100 interviews from Family Service, partly paid; more than 200 Visiting Nurse calls partly paid; an average of 120 children attended Toy Loan each week (Chest pays salary of Toyrarian) and for our members in Armed Forces through USO and Travelers Aid.

 2 meeting, passed a resolution that "pending this commission's further investigation of the Bailey Canyon situation, as a result of the fire, we recommend to the City Council that before proceeding to negotiate with Mr. Carter for the property, that a new appraisal be made."

"Also that professional advice or professional information be obtained as to the potential of the recovery of the area, and that this commission should presumably be in a position by time of the joint meeting to make a firm recommendation."

FOUR COMMISSIONERS, including Chairman Margaret Anthony, voted for the resolution, two against and one was absent.

Commissioner Fleming said that "if Bailey Canyon is desirable for recreation purposes, some day it will again be desirable, but it certainly isn't now and is not worth the appraisal price prior to the fire."

RANDOM THOUGHTS: Among other things, it's nice to live in a town in which there is no danger of legalized poker parlors. — Cramming used to be what students did when preparing for examinations. Now it seems to be what they do when they try to cram 20 students into a phone booth as an intellectual enterprise — I'm half expecting a revolt of youth in our own country against the AV announcers who continually urge them to "avoid between-meal snacks."

Flood Loss Moves

(Continued from Page one)

for the exerted drive in the upper city areas at this time, to make sure we do not lose any structures," Fire Marshal Bert Embree points out. "Please cooperate with the inspectors' requests and suggestions, as they will not be outlandish. If there are any questions as to the best way to do this cleanup work, or suggestions in planting of materials that will not readily burn, feel free to call the Prevention Bureau at ELgin 5-1414."

"The whole project is to try to make the remaining brush areas safe as possible, and with the cooperation of every person in the canyon, we can do it, and save a possible conflagration."

EVEN WHILE the recent forest fire which devastated 1,250 acres of the most valuable watershed in the United States, was still burning, County Flood Control District personnel, directed by Chief Engineer M. E. Salisbury, began their on-the-scene studies of the potential aftermath flood threat, Supervisor Frank G. Bonelli, chairman of the County Board of Supervisors, announces.

At the same time, Supervisors Bonelli and Warren M. Dorn, the latter of the Pasadena District, joined in expressing the belief that the major concern is Hastings Canyon where the district is studying possibility of diverting debris-laden flows into the existing Sierra Madre Villa Debris Basin. Dorn is chairman of the supervisors' emergency committee.

BONELLI, chairman of the supervisors' flood control committee, says that the district will shortly file a special report detailing what can be done to ease the flood hazard created by the blaze which, in its height, compelled 800 persons to evacuate their homes.

While Sierra Madre proper, through the Bailey Canyon Debris Basin, is at present considered adequately safeguarded from a repetition of the 1957 disaster, Dorn says it is anticipated that the fire will increase the hazards to other flood control improvements because of mud flows from small gullies. He believes, however, that most of the burned-over area is controlled by flood control dams and other structures built in recent years by the County Flood Control District.

"**PROTECTION** of private properties may best be obtained by their owners making use of sandbags that the Flood Control District will furnish to cities for distribution if the situation warrants," Dorn says. District engineers will provide expert advice to individual property owners.

He added that the District continues to cooperate with Foothill communities in alleviating local drainage problems. In such cases it has been the county's practice to provide materials for construction of minor improvements if the cities obtain the necessary rights-of-way and agree to operate and maintain the improvements.

One hundred county and Forest Service men remained in the area the past week mopping up.

SMALL BLAZE CONTAINED
 Fire Marshal Bert Embree contained a small outcropping of fire, aftermath of last week's forest fire, on the Whalen Estate, 62 E. Carter on Tuesday. Damage was negligible.

'Community Cooperation'

It takes a possible disaster such as the disastrous fire which last week menaced Sierra Madre, Hastings Ranch and the Villa area to bring out the best — and the worst — in people.

Looking backward in retrospect, the worst was the number of motorists who crowded into the Sierra Madre foothill region and hampered the efforts of fire-fighters in their valiant battle to stem the flames.

They should have known enough to keep away from the danger zones. What they failed to comprehend was that a sudden change in the wind could have enveloped them and their cars in a death-dealing flame.

THE SECOND GROUP comprises those who gave unselfishly every possible assistance to the fire-fighters and police and to those who prepared for possible evacuation — fortunately this did not ensue in Sierra Madre but did in Hastings Ranch and the Villa.

We want to salute everyone of the fire-fighters and policemen who so promptly answered the alarm, this including the Sierra Madre and Pasadena firemen and police, the firemen from the various cities of the Mutual Assistance League, those from Glendale, the tireless workers from the U.S. Forestry Service, our own Search and Rescue Team, the hot-spot crews, the sheriff's deputies and other county authorities who sped so quickly to the scene, fitted themselves immediately into the "fire-fighting formation," driving the flames away from hundreds of houses on the borderline of destruction.

It was a magnificent example of cohesive cooperation of which Americans are capable in an emergency.

THERE WERE others who rallied to their support in providing food and support, notable Raymond Green, proprietor of the Royal Fountain Grill in Kersting Court; the Salvation Army and the Red Cross.

Green was first to respond, taking 105 gallons of hot coffee, 30 gallons of hot soup, 24 dozen of donuts and 12 dozen of sweet rolls to the boys on the firing line. This loyal Sierra Madrean considered it his duty to see that some material assistance and comfort in the way of hot drinks and food reached the fire-fighters. The entire staff of the Royal Grill worked until midnight Tuesday in helping Chef Green prepare the hot drinks and food.

We doff our editorial chapeau to all of them, to the Salvation Army and to the members of the Sierra Madre Branch of the Pasadena Red Cross who gave of their food and help. The latter's evacuation center in Congregational Church was hardly needed but it was properly manned for any emergency that might have arisen. A switch in the wind would have brought that about.

These are some of the developments during the fire that make us proud of our "Community of Cooperation."

Wry Toast To Congress

The first session of the 87th Congress passed into history on a rather sour note when the House approved a supplementary appropriations bill of more than \$1 billion, dumped it into the Senate's lap with a take-it-or-leave-it attitude and headed for home. Members of the Senate were not amused.

But then, neither were a lot of people amused by the way both houses spent the taxpayers' money. Looking at the total of \$95.8 billion which Congress granted to President Kennedy — a peacetime record by \$12 billion — and considering that a large portion of it was appropriated for trips to the moon, foreign aid, a Peace Corps, disarmament, aquariums and other non-defense items when this nation is threatened by a powerful enemy, Michigan's caustic Republican Rep. Clare Hoffman wryly asked his fellow lawmakers if they thought the legislative branch was mentally sound.

They didn't answer. Perhaps they thought it was better to take the "Fifth" than to plead not guilty by reason of insanity.

We're At War With Moscow

Blunt and sharp-edged words are needful in the case of Maj. Gen. Edwin A. Walker who has been forced by Army "muzzling" to resign after 30 years of brilliant and steadfast service to his country.

Gen. Walker, commander of the Army's 24th Division, has been relieved of his command because of complaints about his indoctrination of his troops against the tenets of Communism. Rather than discontinue his battle for the survival of America, he has resigned.

Thus the Army, in its efforts at censorship of its generals, as was the case with Gens. MacArthur, Stilwell, Patch, Patton and Van Fleet, again is confronted with another "Billy Mitchell case."

And the Army, as in the Mitchell case, is grievously wrong.

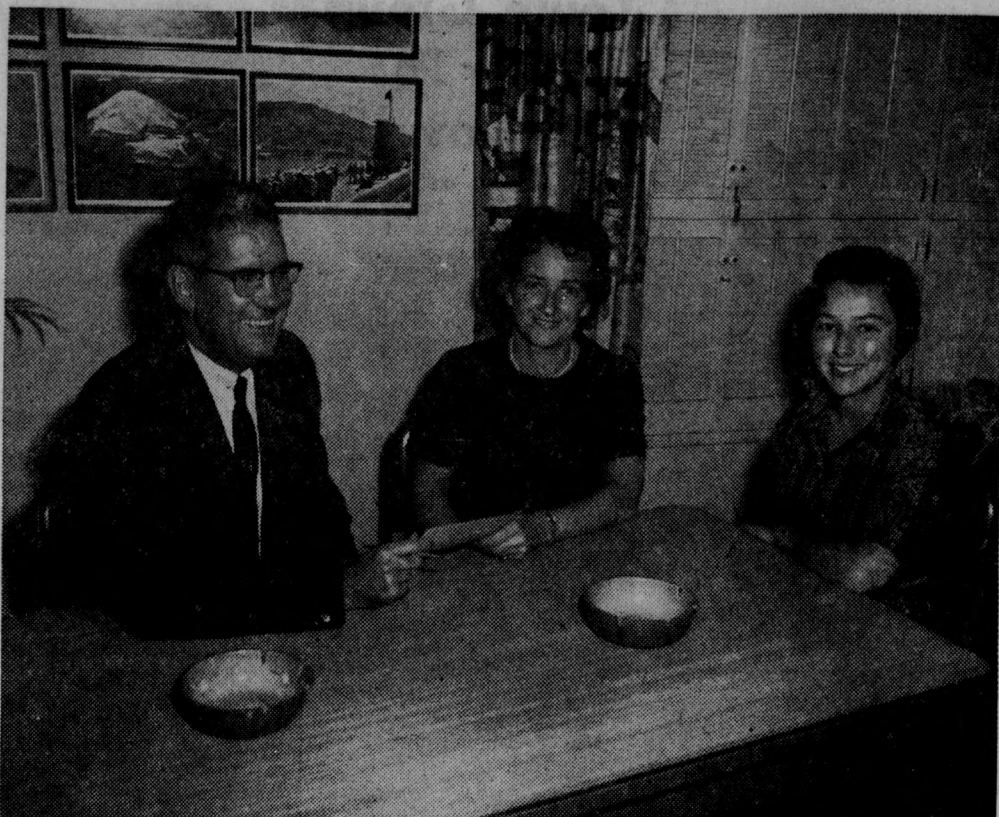

ALSO, ONCE AGAIN, we have a case of Communists and their related Pinkos winning another battle for the control of Washington—and America.

We find it suitable to quote General Walker's own words—heart-broken words from a loyal and able American.

"We are at war. We are infiltrated. We are losing the war every day. Are our hands tied, yours and mine?"

"We need a substitute for defeat. If it is not within the powers of the Congress then the people of these United States are not truly represented."

Again we quote Gen. Walker's statement and urge every SIERRA MADRE NEWS patron to read it carefully—then wire or write your congressman and senator, Rep. Edgar J. Hiestand, Old House Office Building, Washing-

HELPING the Sierra Madre Rose Float Community Project — Harry L. Daulton, Sierra Engineering Co. president, hands over his contribution to Mrs. Florence Fisher, finance co-chairman (center) and Miss Susan Maloney of the Rose Float design committee. Traditionally, Mr. Daulton has launched the campaign for funds from Sierra Madreans interested in helping the Rose Float project.

Writes About Guns of The Old West

By Henry C. MacArthur
(Special from Capitol News Service to Sierra Madre News)

SACRAMENTO — Sometimes the activities of California legislators outside of their legislative responsibilities are more than interesting to the public. This happens to be one of the times, and deserves comment despite the fact that the affairs are not the "affairs of state."

Recently, we completed reading a book by Assemblyman Charles E. Chapel, R-Inglewood, who has represented the 46th District in Southern California since 1950.

The book is "Guns of the Old West," published by Coward - McCann, Inc., of New York, and in it, Assemblyman Chapel has happily combined some of the lore of the West with plenty of technical detail on the guns that opened up this country.

Consequently, the book is interesting not only to the gun collector, who can look on it as an authority, but also to the general public.

Chapel is nothing if not prolific in the production of books. This happens to be his tenth book on firearms. He has been in the gun collecting business for some 40 years and was known as an authority on firepower when he was an officer in the United States Marines.

BUT GUN COLLECTING is not his only avocation. He has written and published a half dozen books on aviation, including one on jet aircraft and another which is an aviation dictionary and reference guide.

And in another field, he published a book in 1944 on fingerprinting which is also regarded as authoritative in its field.

"Guns of the Old West" will not mark the assemblyman's retirement from the writing field, as he has another book on guns, his

eleventh, in preparation. This also will be published early in 1962 by Coward-McCann.

Much of his attitude is reflected in his "Guns of the Old West," and his comments on some of the early day characters serve to debunk the current television versions of their exploits.

These television shows tend to create the hallucination that the early Western characters were all either "good guys" or "bad guys." One gathers from reading Chapel's book that this wasn't really the case, as there was some good and some bad in all of them, particularly the train bandit Sam Bass, whose accomplishments were sounded in ballad around the campfires of the cattle drives.

TELEVISION HASN'T gotten around to Sam Bass yet, but this will be a good one when they run out of material for Wyatt Earp, Cheyenne, et al.

In any event, Chapel has recorded the history of guns from the Kentucky rifle down through the Colt side-arm in a manner that is both interesting and authoritative.

A backyard fence frequently covers a multitude of sins.

D.C., and Senator Thomas Keuchel, Senate Office Building, Washington, D.C.

"MY CAREER," wrote Gen. Walker in announcing his resignation, "has been destroyed in its usefulness to my country. I cannot accept retirement with its emoluments and benefits. To do so would be a compromise with my principle."

(It is estimated that Gen. Walker, in view of his age, is sacrificing some \$200,000 in Army pay had he remained in the service.)

"I take leave of military duty with a heavy heart. I must find other means of serving my country in the time of her great need, in order to pursue the dedication of a lifetime."

"To do this, I must be free from the power of little men who, in the name of my country, punish loyal service to it."

"It has been a burden for a troop commander to make an American of a man before really beginning to make a soldier out of him. And make no mistake—it is not possible to make a soldier out of a man who has not first become a dedicated American."

"It will be my purpose now, as a civilian, to attempt to do what I have found is no longer possible to do in uniform."

IT IS HIGH NOON for America in the fight against Communism. We must now gain ascendancy in the battle against an atheistic Godlessness or go downgrade steadily and surely to obliteration as history's once but futile hope of free men.

It is high time that we Americans realize that we ARE at war with Communism and that it is a stark, ugly war without mercy or pity from the enemy.

Surely President Kennedy, judging from his recent experiences with the Men of Moscow and the secrecy of their nuclear strategy for the destruction of America and the freedom of Americans, should realize all this.

He should reinstate Maj. Gen. Walker immediately and end promptly and effectively the widespread Communist bureaucracy which has, for years, reared its ugly head in Washington.

Letter to The Editor

Dear Editor:

If you publish comments from your readers I would appreciate your printing this:

I'm sure the other residents of Carriage House Rd. will share my sentiment in commending the organized fire fighters and the many volunteers whose courageous efforts were successful in saving the numerous homes from the recent disastrous fire.

It is gratifying to know I can still hang my hat — and I have one — in the old homestead.

—WALT DEDRICK

Dear Editor:

I would like to take this opportunity to thank you for all you have done in helping make this Halloween another safe and sane

one for the citizens of our town.

Your publicity of this very important annual community function went a long way toward making it the success it was.

Again, a sincere thank you.

—THOMAS M. BUTCH,
Recreation Director

Dear Editor:

One of the primary causes of the American Revolution was "taxation without representation." If you and other citizens resent paying certain taxes without having a voice in the government of communities which collect them, you may be interested in what follows.

During fiscal 1959-60:

1 — Pasadena's one-cent retail sales-tax yielded \$3,003,999.94; almost 62.3 times Sierra Madre's yield, which was only \$48,169.61.

2 — Pasadena's per capita sales-tax income was \$25.89; five times Sierra Madre's, which was \$5.13.

Six cities in California had per capita sales-tax incomes of only \$1. Five cities exceeded \$100, namely: Vernon, \$8,867, sufficient to provide every one of its 229 inhabitants with an income of \$739 a month, regardless of age; Industry, \$548.71; Commerce, \$268.28; Irwindale, \$238.62, and Emeryville, \$150.39.

3 — Pasadena's sales-tax yield was 28 per cent of its total revenues; almost to its 32 per cent property-tax income.

In contrast, Sierra Madre's sales-tax yield was only 6.9 per cent; far less than its 31.9 per cent property-tax income.

IT HAS BEEN estimated that 50 to 70 per cent of Pasadena's shoppers come from outside of Pasadena. Whenever non-residents buy sales-taxed items in Pasadena or any other community, the one-cent sales-tax is imposed upon them. Yet they derive no direct if any benefit from it, nor do they have a voice in the government of those communities.

Is this "taxation without representation"? Is it fair and equitable to such non-residents? Is it constitutional?

In a subsequent communication I shall present some comparisons concerned with school, county, city, special and total tax rates, total

Two Blessings

Been thinking for some time now that I knew how to be thankful for my many blessings. Then a friend told us about a little girl who finally got a new pair of much needed shoes. When some visitors came to her home, she quickly got one of the shoes and proudly displayed it, exclaiming, "... and just think, I've got another one just like it!" Now who would have thought that a pair of shoes could be counted as two blessings?

taxes per \$4,000 assessed valuation, and their relation to the one-cent retail sales-tax revenues.

—GEORGE FORSTER

Dear Editor:

I could hardly believe my eyes when I read that the President put out the red carpet for Cheddi Jagan to present his claim for \$200 million of our tax money. How better can we promote a stepping stone for infiltrating Communism into South America than through this Marxist and the Cuban dictator, Castro?

Let's flood the President and Secretary of State Dean Rusk with letter which let them understand that we want not one cent of our American money to go to this man who stands with Castro and Khrushchev.

—MRS. M. SCHWEITZER

Dear Editor:

Congratulations on excellent coverage, both in pictures and text, of Pioneer Days Parade and of the disastrous fire, in SIERRA MADRE NEWS for Nov. 2.

From the first in Metro bus, in pre-dawn darkness, we frequently see our editor walk to his office. It is quite evident that he is not sleepwalking!

Methodist Church Plans Thanksgiving Bounty For Aliso Village Families

In the true spirit of Thanksgiving the Sierra Madre Methodist Church will share this Thanksgiving Day by traditionally giving food and clothing to those in need.

This year, the gifts of food and clothing will go to the needy families of the Aliso

persons who live in a public housing development, a mile from the center of Los Angeles. The Methodist Church is located almost at the heart of this community and houses two old factory and store buildings for all of its activities.

GIFTS OF CLOTHING and food will also go to the Spanish American Institute located in Gardena. The Institute is a home and vocational training school for needy boys.

Some of these boys are at the Institute because they need a home; others need vocational and social guidance. The Institute, an international-intercultural center, needs good used clothing such as shirts, socks, slacks, etc., for the boys who are teenagers.

Both the institute and village needs canned vegetables, fruits and jellies. Gifts of food and clothing may be turned into the church or Sunday School on Sunday, Nov. 12 or 19.

Sierra Madreans are invited and welcome to share in this Thanksgiving experience, for those less fortunate, and in need of help.

Church Plans Progress To Be Reviewed

Progress of building plans for Shepherd of the Hills Lutheran Church will be reviewed when the Church Council meets at 7:30 p.m. Tuesday, Nov. 14, at Ernest W. Nelson home in Sierra Madre.

Preliminary sketches by Architect Robert R. Inslee were displayed at the congregation's annual meeting Friday. The church expects to build on its three-acre site at Santa Anita Ave. and Foothill Blvd. in Arcadia in 1962.

At Tuesday's session, financing of the building program will be studied. It will be the first meeting for four newly-elected councilmen who were installed Sunday by Rev. Ray E. Hansen. They are Frank M. Mosier and Ernest W. Nelson of Sierra Madre, Donald W. Baisch of Arcadia, and John T. Distad of Temple City.

THE COUNCIL also will elect officers. Retiring leaders include President Herbert I. Chambers and Vice President Ernest A. Eckstein.

At the 10:10 a.m. worship Sunday, Nov. 12, Pastor Hansen will have as the sermon topic "Expect Great Things," based on Jesus healing the woman who touched the fringe of His garment.

"Do you feel discouraged and left out, do people seem to ignore you, and you wonder if even God cares whether you exist?" the pastor will ask. Here is your answer:

"Simple trust is all that really counts with Christ. We can expect great things of Him, however sad our condition, if we will only show Jesus that we need Him and want Him."

Sunday School classes are at 9 a.m.

Man Inseparable From His Creator

The indestructible relationship of God and man will be explained at all Christian Science services Sunday in a lesson-sermon on the subject "Mortals and Immortals." These words of Paul to the Romans (8:15-17) will be included in the selections from the Bible: "The Spirit itself beareth witness with our spirit, that we are the children of God: And if children, then heirs; heirs of God, and joint-heirs with Christ; if so be that we suffer with him, that we may be also glorified together."

Men Will Hear Prisoner Of Reds

Rev. John Houle, S.J., former missionary to China, who was held prisoner by the Chinese Communists for four years, surviving their brutal brain-washing techniques, will speak at the Assumption of the Blessed Virgin Mary Holy Name Society meeting, Sunday, Nov. 12. Holy Mass will be at 9 a.m., followed by breakfast in Parish Hall, 2660 E. Orange Grove, Pasadena. All men and boys of the Parish are invited.

Dr. Barnhart will discuss how our thinking-feeling life affects health in its broadest term, which includes not only physical well-being but well-being in every phase of life.

Divine thinking clears the channels through which God's action is brought to pass.

The Tower Choir will sing, "He Who Would Valiant Be," with words from Pilgrim's Progress by John Bunyan, and music by Florence Jolley. Child care is provided.

Pick Raymond G. Andrews To Head Historical Group

Raymond D. Andrews of 692 W. Sierra Madre Blvd., son of a pioneer, was elected president of the Sierra Madre Historical Society at its meeting on Oct. 28. Mr. Andrews' family came to Sierra Madre before 1880.

Dr. Charles Camp, noted paleontologist at the University of California, told of the finding and preservation of the Ichthyosaurus that were enormous lizard type mammals which lived in the water more than two million years ago.

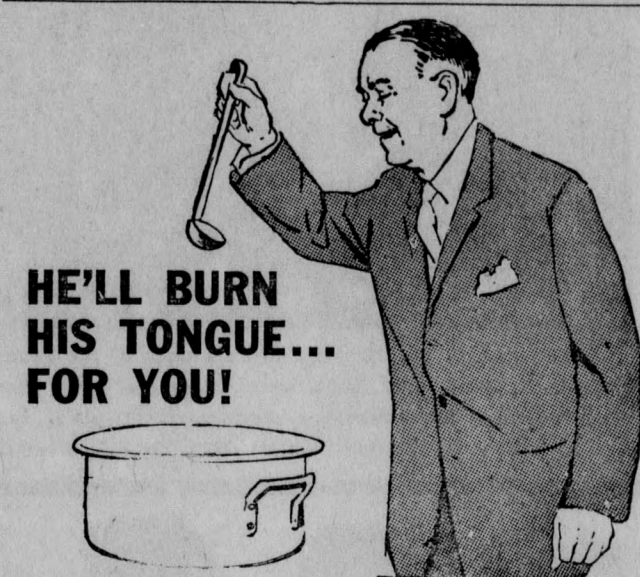

ABOUT 37 of these are in Nevada where the state has made the area into a national park and plans eventually to house the fossils in a museum. These mammals were larger than the dinosaurs.

Dr. Camp's father was on the Sierra Madre School

Board when the school building was in Kersting Square. Later he served on the City Council after Sierra Madre was incorporated.

Lost Check Found

Manuel Ruelas, city employee, found a Pasadena City School District check for \$98.81 payable to Mrs. Hazel Wright of 175 N. Hermosa. He promptly turned it in to City Hall and shortly it was restored to its grateful owner.

The big attraction at the County Fair was this charming "Home of the Year"!

(of course... it features a modern gas range!)

AUTOMATIC GAS BUILT-INS BY GAFFERS & SATTLER

Have you noticed how modern gas ranges have a habit of being seen in the best places? (By invitation, certainly.) It's merely a matter of choice. When smart builders and smart home buyers get together, the result is bound to be a smart kitchen. And that means gas appliances.

If you haven't yet seen the new automatic gas built-ins, treat yourself soon. Take a good look at their automatic features—including the amazing "burner with a brain," meat thermometer, and rotary barbecue. And when you're ready to buy—a new range or a new home with a built-in kitchen—make your choice a modern gas range.

R. H. Walter, Balanced Power builder of Sunset Hills says: "It's no wonder why Balanced Power homes are so popular today. It's just common-sense to want the best of both gas and electricity. Each power can do the jobs it does better, faster, cheaper. Electricity can run the lights, TV sets, and small appliances. And gas can do such important household jobs as cooking."

This Model Home at Sunset Hills is a duplicate of the Los Angeles County Fair "Home of the Year" which was selected for exhibit by the Building Contractors Association of California. Viewing hours are: weekdays 9:00 A.M. to 8:00 P.M.; weekends, 9:00 A.M. to 6:00 P.M.

Sierra Madre People Were Ready to Aid Red Cross During Recent Forest Fire

During the recent fire above Sierra Madre and Pasadena, Red Cross was prepared with capacity shelters and experienced trained volunteers who could assist in rescue and administer first aid.

The shelters were set up at Sierra Madre Congregational Church, Wilson Junior High School and the Civil Defense office on New York Dr., Pasadena. Fortunately, no one stayed overnight in the shelters but they were visited by many, looking for others in the area. Apparently the evacuees stayed at homes of friends and relatives.

The charity "Good Neighborliness" of the people in this area showed up as usual. Besides the active Red Cross Volunteers who were on the scene or standing by, many persons called Red Cross Chapter Headquarters in Pasadena and the branch office in Sierra Madre.

PEOPLE OFFERED their homes for overnight guests, food and service.

A few of those who called were Mrs. Gerald Eide, Mrs. G. C. Vance, Mrs. Mario Licita, Mrs. H. L. Bartruff, Mrs. Richard Anderson, Mrs. Rhoda Thomas, Milton Levenberg and Gene Bunting, Mrs. Irving Cochran, Mrs. T. M. Holabird.

Also Mrs. Payl Messenle, Mrs. Jean Harrison, Mrs. Lloyd Newbre, Mrs. Celia Welser, Hubert O'Seale, Mrs. Rene E. Dube, Miss Joyce Antrim, Mrs. Earl Whitten, Mrs. Russell C. Anderson, Mrs. Ralph L. Ackerman, Steve Fry, Ruth MacIntosh.

S. M. Permits Up \$638,951

Sierra Madre building permits for the first ten months of this year show a \$638,951 gain for the comparable period a year ago.

Figures reported by the Building and License Division give \$2,102,905 for the first ten months of 1961 as against \$1,463,954 for the comparable period in 1960. Permits for October totaled \$41,925, compared to \$82,054 for 1960, a decrease of \$40,129.

Junior Car Wash Nets \$140 Profit

Joel Trudeau, 3245 Lombardy Rd., Pasadena, Junior class president at La Salle High, reported that the class car wash held on the school parking lot Saturday, Nov. 4, netted the class \$140. Profits will sponsor the Junior-Senior Prom and other Junior class activities.
